AIMA Interiors,
Established in 2014

Manufacturing Area:
10.000m² closed area
800m² offices
13.700 m² total area

“**45** years”

Ahmet Kasapoglu Contract;
adopts creating unique works as a principle with mastership,
professional dedication and heart, and blends its past experiences
with technological investments and an innovative view.

From 1971 to today,

Ahmet Kasapoğlu Contract makes no concessions on quality for any projects implemented, and combines the processed raw material with expertise and advantages of technology. It uses knowledge of years and corporate memory to keep up with the dates and closely monitor the changing trends.

While Ahmet Kasapoğlu Contract continues activities in both international and domestic contracted hotel furniture using technological opportunities of world standard, it provides innovative approaches and esthetic solutions for wooden furniture and decoration of houses, offices, restaurants and shops.

Philosophy

Ahmet Kasapoğlu Contract's philosophy is to provide customer-oriented specific project and manufacturing services using innovative approaches, distinctness and high-technology solutions for the constantly changing hotel furniture and decoration in the challenging conditions of current competition.

ALWAYS
on time

Ahmet Kasapoglu Contract;

regards the concept of “time” as the major part of the business life and project management. It is aware that efficiency is a product of teamwork, workflow, planning, and synchronization in manufacturing.

The management teams knows how to combine these elements with the high technology for a timely delivery of works.
